Story of the Year

Minha, The Story of Ambitious Fairy

Meet Minha, a bright and ambitious young fairy who has defied the odds to pursue her dreams. Hailing from a disadvantaged background, Minha's journey to empowerment is a testament to the transformative power of love, care, and support.

Minha's story began when she was just a newborn, abandoned near a garbage box. Her struggling family, already burdened with many children, was unable to provide her with the care and attention she deserved. Recognizing their limitations, the family handed her over to our organization, Fairy Home Sukkur, through the court.

Today, three years later, Minha is a thriving and confident young fairy. She is attending school and excelling in her studies, thanks to the comprehensive support and resources provided by our organization. Minha's progress is a shining example of what can be achieved when vulnerable individuals are given the opportunity to reach their full potential.

Our organization's intervention has not only ensured Minha's physical and emotional well-being but has also empowered her to become a confident and independent individual. We are proud to have played a part in Minha's journey and look forward to continuing our support as she grows and flourishes.

Minha's story is a powerful reminder that every individual deserves the chance to thrive and reach their full potential. At Fairy Home Sukkur, we remain committed to providing comprehensive support and resources to vulnerable individuals like Minha, empowering them to create a brighter future for themselves and their communities.

Best Practices 2023-2024

Judo Karate Training

In 2023-2024, Farzana Welfare Organization continued to prioritize the holistic development of our beneficiaries. We introduced specialized training programs to foster physical and mental well-being.

Our Judo and Karate training initiatives empowered beneficiaries with self-defense skills, discipline, and confidence. These programs promoted a culture of resilience and perseverance among our beneficiaries. Through these initiatives, we witnessed remarkable transformations in our beneficiaries, enabling them to lead more confident and fulfilling lives.

Smart Class Room Learning

In 2023-2024, Farzana Welfare Organization revolutionized the learning experience for our beneficiaries through the introduction of Smart Classroom technology.

Our state-of-the-art Smart Classrooms enabled interactive and immersive learning, making complex concepts more engaging and accessible. This innovative approach fostered a love for learning, improved academic outcomes, and enhanced the overall educational experience.

Through Smart Classroom learning, our beneficiaries developed essential skills in critical thinking, problem-solving, and digital literacy, empowering them to succeed in an increasingly technology-driven world.

Empowering Fairies through Beautician Course

At Fairy Home Sukkur, we believe that vocational training plays a vital role in promoting the economic empowerment and independence of our fairies.

Our Beautician Course is designed to equip our fairies with the skills and knowledge needed to succeed in the beauty and wellness industry. Through this course, our fairies learn various beauty techniques, including hair styling, makeup, and skincare. By providing our fairies with access to

vocational training, we aim to enhance their employability, confidence, and self-esteem, ultimately empowering them to lead independent and fulfilling lives.

Case Stories

Noshaba, 12, was abandoned by her adoptive mother at age 5. Left to fend for herself, she slept on streets and in tea hotels. Rescued by Fairy Home Sukkur, Noshaba received a second chance.

She now thrives in a joyful environment, receiving education, care, and support. With a newfound sense of belonging, Noshaba is blossoming into a confident and curious individual, eager to reach her full potential.

I'm Mariyam, 7. My life took a drastic turn when my mother passed away, leaving my brother and me in the care of our father, a heavy drinker. With no home to call our own, my brother, 5, was fortunate to be studying at Darulattafall. However, my father's struggles led him to abandon me at Fairy Home Sukkur.

Despite the challenges, I've found a new sense of belonging at Fairy Home. I'm now thriving in Class 1, enjoying various games, and learning karate. The love and care of Mama Farzana have been instrumental in my growth. I'm grateful for the supportive environment and the opportunities that Fairy Home has provided me. Today, I'm happy, confident, and excited for the future

In the heart of every child lies a dream, a hope for a brighter tomorrow. Surah Al-Baqarah reminds us that Allah commands us to be compassionate and to support those who are vulnerable. "And do good; indeed, Allah loves the doers of good." (2:195). These words urge us to open our hearts and extend our hands to those who need us the most, especially orphans who have lost their way in a world that can be harsh and unforgiving. Imagine the smile on the face of a child who has faced unimaginable challenges, yet still holds onto hope. Each donation you make is not just a gift; it is an investment in their future. Allah says, "And do not kill your children for fear of poverty. We provide for them and for you." (2:31). This verse is a powerful reminder that every child deserves a chance to thrive, regardless of their circumstances. By supporting orphans, we fulfill our duty as compassionate members of society. We can be the light in their darkness, the hope in their despair. Let us come together to ensure that no child feels alone in this world. Your contributions can help provide education, shelter, and love to those who need it most. Join us in making a difference. "And whatever good you spend is for yourselves; and you will not be wronged." (2:272). Every act of kindness counts, and together, we can create a wave of change that uplifts the lives of orphans and gives them the chance to dream again.
